Get to Know Us. Burnout and Suicidal Ideation among U. Guest post by Dr Andrew Tabner.

These expert have changed lanes and changed the world. However, given the Fast Lane Self Improvement consequences of a failure to do so and the potential for improving the lives of professionals if such an endeavor is pursued, we think it is time for this discussion to be taken seriously. We need to abandon the macho persona that is often evident amongst doctors, especially those in acute specialties, and embrace well-being initiatives, wellness drives, career sustainability interventions, psychological tool-kits and anything else designed to help us cope with the inevitable stresses and strains that come when your job involves seeing birth, death and every facet of human existence in between, within a single shift.

There's a problem loading this menu right. The above technique has shown it so this book is more than a book for people in the fast lane career-wise, but also those going in a wrong direction in other areas. Undertake the procedure – the level of supervision required will have been determined during the preceding stages.
