It was Corot's experience in Italy that confirmed his natural tendency to softness and indecision in his pictures. To this time belong those very [] early works, made in his vacations in the country, or when, from his high window in the city, he sketched the tops of the houses, stretching far away in pleasant perspective, making, as Ruskin says, a truly picturesque sight.

Inher returned to France, and with that event we may say that the primitive period For most of his life, Corot would spend his summers travelling and collecting studies and sketches, and his winters finishing more polished, market-ready works. I have, therefore, been permitted to devote myself entirely to that which I loved the most in all the world.
