Many are handling technology in addition to their traditional responsibilities. Setting policy from technology standards and other practices. Technology has brought many changes to education in the past ten years and technological literacy is listed as one of the goals of the Common Essential Learnings which is a component of the Core Curriculum.

Developing Independent Learners Chapter 6: They must ask themselves the following questions: The teacher-librarian works with other teachers to provide instruction, evaluation and production of information. Many teachers and administrators have yet to be convinced that technology is useful.

Instruction has gone beyond individual teaching by the teacher-librarian. must also know to how to evaluate software and web sites to recommend to students and staff. At the school level, teacher-librarians can continually seek input from staff regarding what they are doing and what the staff, student and curriculum needs are.
