Feb 15, Kathleen rated it liked it. Davis's book is disturbing but also deeply satisfying to read, as through his fictitious narrative he slowly 'gets the villains. Jan 08, Doreen Dalesandro marked it as to-read Shelves:

I enjoyed this, struggled in parts keeping up with what was what, but overall a This is a very interesting book. I am ashamed to admit that before reading this book; I never once questioned why HIV serum testing is considered to be a positive result to having a disease based upon the presence of Antibodies and NOT Antigens.

She told me she declined because another nurse friend of hers told her that she Hubbard in the Church of Scientology, President of an international management consulting firm WISE Director of Development and professor at Sherman College of Straight Chiropractic, computer software designer, horse whisperer, and captain of a whale and dolphin research ship.
