Storm Constantine rated it it was amazing Nov 21, He has clearly done his research. It illustrates how cultures from every point of the globe have used astronomical knowledge from tracing the path of both to support emerging religious beliefs.

It is a tremendously fascinating subject that had me hooked right from the start. I shall be searching for more of Andrew Collins work as well as the works of others he has mentioned. Atlantis and Other Lost Worlds. No trivia or quizzes. In that sense, I recommend it.
