There are no discussion topics on this book. Joannarated it really liked it De  
This book enables me to return to the albums of Kate Bush once again with yet another layer of possibility. Those attempts really irritated me as a sociolinguist, because if he had worked with an actual linguist on them, it would not only have been more accurate but possibly even interesting Bottom line: To see what your friends thought of this book, please sign up. This book is not yet featured on Listopia. The first part of this book, discuss Hounds of Love section is okay but not as interesting, as it starts to wander into navel-gazing territory.
