Somehow Louise Deacon has no clue that most of us are not that stupid and have higher standards. A nice quick and easy read for someone who's read the Twilight books and now feels let down by human males! May 30, Bron marked it as seriously-they-made-this-a-book.

Isthisforreal????AndIneverlikedEdward. Louise simply uses the characters of Twilight as examples in her book. Still, I am tempted to read this for a laugh.

The writing is easy to follow, and I didn't get the feeling that it was aimed at women of any specific age, there's something in there for all women to relate to - I found myself thinking 'I've met a man like that!
