So when *Taming Rafe* (The Bancroft Brothers) nephew Quinlan, Marquis of Warefield comes to help with the estate, Maddie has much distrust for this marquis whom she finds easy to dislike yet she starts to warm up to him, but when she is caught in a passionate kiss once more, she is caught up in a plan to re-introduce her into society. At times both the hero and heroine were too stubborn and got on my nerves. But the ridiculous setup and machinations involved in getting Maddie back to London and into society are too unrealistic to be believed. Boxtherestofmythings.
